Outreach Activity Detail.....	83
Appendix P.....	86
Outreach Summary	86
Appendix Q	87
Convenience Standard Results.....	87

1. EXECUTIVE SUMMARY

MED-Project LLC (“MED-Project”) operates a Product Stewardship Plan for Unwanted Medicine from Households (“Plan”) in the County of San Mateo (“Jurisdiction”) under the County of San Mateo Safe Medicine Disposal Ordinance, San Mateo County Ordinance Code 4.116.010 - 4.116.190 (“Ordinance”). This 2017 County of San Mateo Annual Report (“Report”) describes the activities of MED-Project between January 1, 2017 and December 31, 2017 in compliance with Ordinance Section 4.116.090. Because MED-Project began operations on December 12, 2016, the Report also includes information about the operating period between December 12, 2016 through December 31, 2016. MED-Project activated a call center, website, and mail-back program and released outreach materials in 2016. Unwanted Medicine collection began in 2017.

The Plan was approved by the San Mateo Environmental Health Services (“Department”) on September 13, 2016. In keeping with the Plan, MED-Project implemented the Product Stewardship Program (“Program”) in phases. During 2016 and 2017, priority was given to establishing Kiosk Drop-Off Sites throughout the Jurisdiction, conducting Take-Back Events in alignment with approved Plan goals, and performing outreach to eligible pharmacies and Law Enforcement Agencies (“LEAs”) throughout the Jurisdiction. As a result of these efforts, MED-Project’s Program collected and disposed of “Unwanted Medicine” (as defined in Plan Section V) from 37 Kiosk Drop-Off Sites and 15 Take-Back Events in 2017.

Kiosks were installed in pharmacies and LEAs that meet all local, state, and federal requirements and that executed agreements with MED-Project. In addition, outreach and educational materials were distributed to all participating Kiosk Drop-Off Sites, including signage and/or brochures.

As outlined in the approved Plan, the ultimate goal of the Program is to provide Jurisdiction residents with convenient, safe, and accessible methods to dispose of Unwanted Medicine. MED-Project anticipates a steady increase in Kiosk Drop-Off Sites throughout 2018 as a result of Program activities between January 1, 2018 and December 31, 2018 (the “Reporting Period”), especially if there is increased retail chain pharmacy participation in the Program.

MED-Project continues to communicate with Kiosk Drop-Off Site hosts to distribute outreach materials, review procedures as needed, and improve overall Program design.

The following sections of the Report respond to specific reporting requirements in Ordinance Section 4.116.090(a). Each section of the Report quotes the corresponding Ordinance requirement and provides the required information.

2. PARTICIPATING PRODUCERS

Ordinance Sec. 4.116.090(a)(1): "A list of Producers participating in the Stewardship Plan."

See Appendix A; List of Program Participants.

3. COLLECTION METHOD AND WEIGHT

Ordinance Sec. 4.116.090(a)(2): "The amount, by weight, of Covered Drugs collected, including the amount by weight from each collection method used."

3.1. KIOSKS

23,450 pounds of Unwanted Medicine collected via Kiosk Drop-Off Sites.

See Appendix B; Kiosk Drop-Off Site Locations.

3.2. TAKE BACK EVENTS

1,099 pounds of Unwanted Medicine collected via Take-Back Events.

See Appendix C; Take-Back Events.

3.3. MAIL-BACK PACKAGES

- Distributed 153 Mail-Back Packages to 22 Mail-Back Package distribution sites.
- Distributed 2 Mail-Back Packages directly to residents.
- The total Mail-Back Packages distribution was 155.
- The average weight of returned Mail-Back Packages was 0.326 pounds per envelope.
- 51 pounds of Unwanted Medicine collected through the returned Mail-Back Packages.

See Appendix D; Mail-Back Package Locations.

3.4. TOTAL WEIGHT OF COLLECTED UNWANTED MEDICINE

24,600 pounds of Unwanted Medicine collected through Kiosk Drop-Off Sites, Take-Back Events, and Mail-Back Packages.

4. KIOSK DROP-OFF SITE LOCATIONS AND COLLECTION EVENTS

Ordinance Sec. 4.116.090(a): "(3) A list of drop-off sites; (4) The number of mailers provided for disabled and/or home-bound County residents; (5) The locations where mailers were provided, if applicable; (6) The dates and locations of collection events held, if applicable;

4.1. LIST OF KIOSK DROP-OFF SITES

See Appendix B; Kiosk Drop-Off Site Locations.

4.2. NUMBER OF MAILERS PROVIDED TO DISABLED AND/OR HOME-BOUND RESIDENTS

2 Mail-Back Packages were distributed directly to residents. Disabled and/or home-bound residents were able to request Mail-Back Packages through the call center and/or MED-Project website. MED-Project identifies a total number of Mail-Back Packages provided directly to residents because it is unable to verify whether the recipient is disabled and/or home-bound.

See Appendix E; Mail-Back Packages Distributed Directly to Residents.

4.3. MAILER LOCATIONS

See Appendix D; Mail-Back Package Locations.

4.4. DATES AND LOCATIONS OF COLLECTION EVENTS

See Appendix C; Take-Back Events.

5. DISPOSAL AND TRANSPORTER INFORMATION

Ordinance Sec. 4.116.090(a)(7): "The transporters used and the disposal facility or facilities used for all Covered drugs."

5.1. DISPOSAL FACILITY INFORMATION

See Appendix F; Disposal Facilities.

5.2. TRANSPORTER INFORMATION

See Appendix G; Transporters.

Note: MED-Project includes Sodrel Truck Lines, Inc. in this Report for completeness. Once Mail-Back Package contents are rendered non-retrievable at the Stericycle Indianapolis, Indiana facility, Sodrel Truck Lines, Inc. then transports the non-regulated material to the Covanta Indianapolis facility.

6. SAFETY AND SECURITY REPORT

Ordinance Sec. 4.116.090(a)(8): "Whether any safety or security problems occurred during collection, transportation or disposal of Unwanted Covered Drugs during the reporting period and, if so, what changes have or will be made to policies, procedures or tracking mechanisms to alleviate the problem and to improve safety and security in the future."

See Appendix H; Safety and Security Report.

7. EDUCATIONAL EFFORTS AND PUBLIC OUTREACH

Ordinance Sec. 4.116.090(a)(9): "A description of the public education, outreach and evaluation activities implemented during the reporting period."

7.1. OUTREACH REACH AND FREQUENCY

MED-Project provided print and digital ad campaigns, distributed signage, flyers and brochures, held Take-Back Events in the community, and posted information on social media sites and the MED-Project website during the reporting period. MED-Project website information and statistics are provided in Appendices I and J respectively.

MED-Project provided disposal instructions for kiosks, Mail-Back Packages, and Take-Back Events for the types of collection and disposal options offered through the approved Stewardship Plan. All posters and brochures were available in the required languages including English, Spanish, Chinese, and Tagalog. See Appendix K for examples of brochures and posters. Appendix L provides brochure and poster distribution information.

MED-Project lists kiosk sites, Mail-Back Package locations, and Take-Back Events on the website. See for example, Appendix I. The Take-Back Events are also posted on social media sites and flyers are distributed electronically via Facebook, email blasts, and to libraries to inform residents. A list of electronic distribution is provided in Appendix M.

MED-Project outreach activities achieved a Combined Target Reach Percentage of 97% through a variety of media channels. The Target Reach percentage calculation is based on 2010 U.S. Census population data and the impressions and/or readership totals for each of the media campaigns.

1. San Mateo Weekend Journal: 4-week campaign
2. SF Examiner Ad: 4-week campaign
3. Catholic San Francisco: 2-week campaign
4. Archdiocese Directory: Annual publication
5. SFExaminer.com digital ad: 3-week campaign
6. MercuryNews.com digital ad: 4-week campaign
7. Social Media Event site posts: 4 event posts
8. Miscellaneous: Social Media (FB, Twitter); Email Blast activity; Brochure distribution, etc.

7.2. PROMOTION MEDIA

MED-Project used various media to promote the collection program including a website, a public service announcement video, brochures, social media, newspaper ads, and email blasts. Detailed information is provided in the list below and Appendices as follows:

List of media promoting the collection program in 2017:

1. MED-Project Facebook page (social media)
2. MED-Project Twitter account (social media)
3. Patch.com (online neighborhood network)
4. Email blasts (online contact list)

For additional detail:

See Appendix I; MED-Project Website Pages.

See Appendix J; Website Statistics.

See Appendix K; MED-Project Brochure and Posters.

See Appendix L; Brochure and Poster Distribution.

See Appendix M; Electronic Distribution.

See Appendix N; Electronic and Media Examples.

See Appendix O; Outreach Activity Detail.

See Appendix P; Outreach Summary.

7.3. BIENNIAL SURVEY

Consistent with Ordinance Section 4.116.060(a)(4), the first biennial survey will be conducted in 2018 for 2019 reporting.

8. PACKAGING RECYCLING

Ordinance Sec. 4.116.090(a)(10): "A description of how collected packaging was recycled to the extent feasible, including the recycling facility or facilities used."

As described in the Plan, while drug packaging is expected to constitute a significant amount of the waste incinerated under the Program, MED-Project has concluded that separation of inner and/or outer packaging from Unwanted Medicine and/or recycling of packaging would raise three significant concerns:

1. Separating and recycling drug packaging could result in the disclosure of confidential patient information appearing on prescription drug packaging;
2. Separating and recycling drug packaging could increase the potential for releases and leakage of Unwanted Medicine; and
3. Separating and recycling drug packaging could increase diversion risk by adding additional steps to the collection process and, because drug packaging is often used in drug counterfeiting, the drug packaging could be a diversion target itself.

For these reasons, the Program does not provide for the separation and recycling of packaging from Unwanted Medicine.

MED-Project education and outreach materials instruct residents to return Unwanted Medicine at a Kiosk Drop-Off Site, via Mail-Back Package services, or at a Take-Back Event, in its original container or in a sealed bag. These materials encourage residents who transfer their Unwanted Medicine into a sealed bag to recycle all remaining packaging.

9. PROGRAM GOALS

Ordinance Sec. 4.116.090(a): "A summary of the Stewardship Plan's goals, the degree of success in meeting those goals in the past year, and, if any goals have not been met, what effort will be made to achieve the goals in the next year."

9.1. COLLECTION GOALS AND COLLECTOR OUTREACH

MED-Project satisfied the service convenience goals in Ordinance Section 4.116.050.b and the kiosk and Take-Back Event collection targets during the Reporting Period through a combination of established Kiosk Drop-Off Sites, Mail-Back Package distribution locations, and quarterly Take-Back Events as provided in Appendix Q; Convenience Standard Results. MED-Project continues to evaluate Mail-Back Package collection targets. As stated in the Plan, MED-Project's estimated Mail-Back Package collection totals could vary based on actual usage, and collection during the Reporting Period will be used to adjust subsequent years' collection goals. MED-Project continues to strive to meet these service convenience goals in Ordinance Section 4.116.050.b through the establishing of Kiosk Drop-Off Sites by, for example, pursuing increased participation by retail chain pharmacies throughout the Jurisdiction. Additionally, MED-Project issued letters to potential Kiosk Drop-Off Sites on January 25th, 2017. Phone calls and emails were sent to eligible sites that did not respond to the letter. Eligible non-participating sites were contacted monthly until either the site began participating in the Program or the site indicated they no longer want to be considered for participation. MED-Project anticipates the average pounds per Kiosk Drop-Off Site will increase in 2018 with increasing public awareness of the Program. MED-Project will continue to evaluate the feasibility of reducing or eliminating the number of Mail-Back Package distribution locations. Refer to section 3 and 4 of this Report for specific collection information. The toll-free number for the call center continues to be available in English, Spanish, Chinese, and Tagalog.

9.2. EDUCATION AND PUBLIC OUTREACH GOALS

To promote the program during the Reporting Period, MED-Project performed print ads, engaged social media, and pushed emails. Additionally, MED-Project distributed materials, including brochures and posters, to all active Kiosk Drop-Off sites and other stakeholders during the Reporting Period. The MED-Project call center returns voicemails within one business day. Website statistics and the media Outreach Summary for the baseline Reporting Period are provided in Appendix J and Appendix P respectively. Refer to Appendices L, M, N, and O and section 7 of the Report for additional outreach and baseline information detail.

In an effort to increase website visits, MED-Project continued outreach during the Reporting Period through social media websites such as Twitter and Facebook. Brochures and materials were distributed to nearby pharmacies, LEAs, clinics, veterinary facilities, hospitals, and community groups, and other media outlets were contacted to increase outreach prior to events.

As required by Ordinance 4.116.060(a), MED-Project will coordinate with other Stewardship Plans in 2018 to conduct a biennial survey of residents, pharmacists, veterinarians, and health care professionals who interact with members of the community after the first full year the Stewardship Plans are operating.

MED-Project also intends to increase public awareness of the Program in 2018 through the production and placement of animation ads on digital campaigns, social media and broadcast media platforms.

10. PROGRAM COSTS

Ordinance Sec. 4.116.090(a)(12): "The total expenditures of the Stewardship Plan during the reporting period."

Total Program cost for the Reporting Period was \$1,265,795.

APPENDIX A

List of Program Participants

A list of Program participants is provided to the Department on a regular basis. The list below was updated as of June 8, 2018.

Parent Company	Company Name	Address	City	State	Zip	Country
3M Corporation	3M Drug Delivery Systems	3M Center 275-5W-06	Saint Paul	MN	55144	United States

APPENDIX H

Safety and Security Report

Incident 1

Date: August 21, 2017

Detail: MED-Project was provided with the following information. A representative at an Unwanted Medicine Host Site (the “Host”) contacted the call center of a vendor who provides the Host with regulated medical waste services. This same vendor also services the Host’s MED-Project Program kiosk. The Host requested regulated medical waste services from the vendor on August 17, 2017. The vendor dispatcher scheduled a regulated medical waste pick up for August 18, 2017.

The regulated medical waste vendor technician arrived at the Host on August 18, 2017. A Host staff member opened the MED-Project kiosk and removed the Unwanted Medicine containment box and liner. The regulated medical waste vendor technician packaged this waste as regulated medical waste to meet Department of Transportation specifications. The technician provided the Host staff with a standard regulated medical waste shipping paper. The technician and the Host staff each signed the shipping paper and the technician provided the Host staff with a regulated medical waste receipt.

The Host provided the regulated medical waste shipping paper and receipt to MED-Project on August 21, 2017. MED-Project notified the vendor that the vendor had inadvertently processed Unwanted Medicine as regulated medical waste. The vendor provided a copy of the Hollister, California facility material processing receipt for the Unwanted Medicine to MED-Project on September 5, 2017.

The vendor investigated the matter and reported that; (1) Host staff were not aware of the distinction between the MED-Project Unwanted Medicine kiosk service and the vendor’s regulated medical waste service; (2) Host staff were not aware of the need to contact MED-Project for Unwanted Medicine kiosk service instead of vendor’s regulated medical waste service call center; and (3) the vendor’s regulated medical waste technician was not aware that the Host also separately received the vendor’s Unwanted Medicine kiosk services for the MED-Project kiosk.

Destruction and Disposal Facility Information:

The vendor reported that the Unwanted Medicine was destroyed on August 18, 2017 at the vendor’s regulated medical waste autoclave facility located in Hollister, California. Autoclaving is a treatment method for medical waste by which the waste is sterilized using heat, pressure and steam. Autoclaves operate at high temperatures (between 120°C and 300°C) and pump saturated steam generated at elevated pressures in the chamber through the autoclave to kill microbes and

completely sterilize the contents.¹ After the autoclave process, the material was landfilled at the John Smith Landfill located in Hollister, California.

Destruction Facility - Hollister Facility Information:

Hollister Facility

1551 Shelton Dr., Hollister, CA 95023

Phone: (559) 351-4285

Website: www.stericycle.com/service-locations/california/hollister

Type: Regulated Medical Waste Treatment Facility

EPA ID No.: CAL000344815

California Department of Public Health Medical Waste Treatment Facility Permit No.: TS-83

Monterey Bay Unified Air Pollution Control District Permit to Operate: 10/9/2009

City of Hollister Industrial Sewer Discharge Permit: 10/26/2010

San Benito County Environmental Health Permit ID No.: FA0000032

California Department of Toxic Substances Control Transporter Registration No.: 3400

U.S. Department of Transportation Registration No.: 052615009022XZ

5-year enforcement history: vendor reported no violations

Disposal Facility - John Smith Landfill Information:

John Smith Road Landfill

2650 John Smith Rd., Hollister, CA 95023

Phone: (831) 637-4515

Website: www.johnsmithroadlandfill.com

Type: Solid Waste Landfill Facility

CalRecycle Permit No.: 35-AA-001

5-year enforcement history: CalRecycle.CA.gov reports 1 daily cover violation (7/25/13)

Corrective Action Taken:

1. Vendor's regulated medical waste operations staff were briefed by the vendor on the MED-Project Unwanted Medicine Program and provided a spreadsheet with a list of regulated medical waste customer numbers with MED-Project kiosks to update the site records in the vendors regulated medical waste operating system.
2. MED-Project met with the Host staff and again reviewed the Unwanted Medicine Kiosk Program requirements.

¹ HEALTH CARE WITHOUT HARM, NON-INCINERATION MEDICAL WASTE TREATMENT TECHNOLOGIES 23 (Aug. 2001), available at https://noharm.org/sites/default/files/lib/downloads/waste/Non-Incineration_Technologies.pdf.

Incident 2

Date: May 18, 2018 (Reported on May 22, 2018)

Detail: On Friday May 18, 2018, MED-Project was notified by its vendor that Mail-Back Packages managed as part of the Plan are now being destroyed at the vendor's United States Drug Enforcement Administration registered collector medical waste incinerator located at 1901 Pine Ave SE, Warren, Ohio 44483. In addition, the vendor informed MED-Project on Monday, May 21, 2018 that the vendor's Mail-Back Package destruction process located at 2670 Executive Drive, Indianapolis, Indiana 46241 discontinued operation on April 3, 2018. At this time, it appears that the relevant address change by the vendor on the Mail-Back Packages went into effect during the first quarter of 2017. The vendor certified that it managed all MED-Project materials in accordance with applicable legal requirements (certification included with the May 22, 2018 notice).

Corrective Action Taken:

1. Upon being notified by the vendor, MED-Project immediately; (1) suspended call center and MED-Project website distribution of Mail-Back Packages to residents; and (2) requested that vendor suspend processing of any MED-Project Mail-Back Packages at the Warren, Ohio medical waste incinerator and store such packages in compliance with all applicable laws, regulations, and other legal requirements. The vendor informed MED-Project on May 21, 2018 that it cannot suspend the destruction of MED-Project Mail-Back Packages received at the Warren, Ohio facility at this time.
2. The vendor notified MED-Project that a new management of change policy is in place specifically pertaining to any MED-Project scope of work changes.
3. MED-Project filed revision requests for the Plan on May 25, 2018 in order to minimize public service disruption.

Medicines help treat diseases, manage chronic conditions and improve health and well-being for millions of Americans. It's vitally important that patients take their medicines as prescribed by their health care provider and as indicated on the label or packaging. It's also important to be sure to store medications securely to prevent accidental ingestion or misuse by others in your household, especially children.

There are a number of ways to dispose of expired or unwanted medicines. To protect your privacy, consumers are reminded to remove all personally identifiable information on labels or materials before using any of the available disposal options.

For additional information on the program, MED-Project has developed an educational toolkit, including:

APPENDIX K

MED-Project Brochure and Posters

The image shows the front of a brochure for MED-Project. It features a teal header bar at the top. Below it, the main content is divided into several sections. On the left, a red and teal text block asks 'WHAT SHOULD YOU DO WITH YOUR UNWANTED OR EXPIRED MEDICINES?'. In the center, the MED-Project logo is displayed above the text 'Medication Education & Disposal'. To the right, a blue box contains the text 'SAFELY DISPOSE OF UNWANTED & EXPIRED MEDICINES'. Below these, an orange banner contains the text 'There are a number of ways to dispose of expired or unwanted medicines.' followed by contact information: 'For more information about the MED-Project program, go to www.med-project.org or call 1-844-MED-Proj'. To the right of this banner, another orange box asks 'What should you do with your expired or unwanted medicines?' and shows an illustration of a pill bottle labeled 'EXPIRED UNWANTED'. Below the orange banner, there are two columns of text. The left column discusses the importance of proper medication storage and disposal. The right column lists five disposal options with corresponding icons: 'CHECK THE PACKAGE', 'TAKE-BACK EVENTS', 'CONVENIENT KIOSKS', 'MAIL-BACK', and 'IN-HOME DISPOSAL'. At the bottom, there is a disclaimer, the MED-Project logo and name, and the website 'www.med-project.org'.

WHAT SHOULD YOU DO WITH YOUR UNWANTED OR EXPIRED MEDICINES?

MED-Project
Medication Education & Disposal

SAFELY DISPOSE OF UNWANTED & EXPIRED MEDICINES

There are a number of ways to dispose of expired or unwanted medicines.

For more information about the MED-Project program, go to www.med-project.org or call 1-844-MED-Proj

What should you do with your expired or unwanted medicines?

Medicines help treat diseases, manage chronic conditions, and improve health and well-being for millions of Americans. It's vitally important that patients take their medicine as prescribed by their health care provider and as indicated on the label or packaging. It's also important to be sure to store medications securely to prevent accidental ingestion or misuse by others in your household, especially children.

If you have expired or unwanted medication, proper disposal is easy. To protect your privacy, consumers are reminded to remove all personally identifiable information on prescription labels or materials before using any of the following disposal options.

- IN-HOME DISPOSAL

Figure 4: MED-Project Brochure English (front)

DISPOSAL OPTIONS

1 CHECK THE PACKAGE

If there are specific instructions for disposal on the label, package or package insert, please follow those instructions. Do not flush drugs down the toilet.

2 TAKE-BACK EVENTS

Local take-back events offer residents a free and convenient way to dispose of expired or unwanted medicines. Visit the Take-Back Events section of www.med-project.org for information on events in your area.

3 CONVENIENT KIOSKS

To find the drop-off sites in your area, visit the Convenient Kiosks section of www.med-project.org. Mail-Back Package Distribution Locations may also be available in your area.

What items can I dispose of?

ACCEPTED:
MEDICATIONS IN ANY DOSAGE FORM, EXCEPT FOR THOSE LISTED BELOW, IN THEIR ORIGINAL CONTAINER OR SEALED BAG.

If transferring medications to a sealed bag, please be sure to recycle all remaining packaging.

NOT ACCEPTED:
HERBAL REMEDIES, VITAMINS, SUPPLEMENTS, COSMETICS, OTHER PERSONAL CARE PRODUCTS, COMPRESSED CYLINDERS, AEROSOLS, INHALERS, MEDICAL DEVICES, SHARPS, ILLICIT DRUGS, IODINE-CONTAINING MEDICATIONS.

DISPOSAL OPTIONS

4 MAIL-BACK

Mail-Back Services for unwanted medicine are available to residents upon request. Visit the mail-back section of www.med-project.org to order a Mail-Back Package.

5 IN-HOME DISPOSAL

1. Remove medication from its original container and mix with an undesirable substance, such as used coffee grounds, dirt, or kitty litter.

2. Place the mixture in a sealable bag, empty can, or other container and throw in your household trash.*

To protect your privacy, consumers are reminded to remove all personally identifiable information on prescription labels or materials before using any of the disposal options listed above.

¿QUÉ SE DEBE HACER CON LOS MEDICAMENTOS VENCIDOS O NO DESEADOS?

Programa MED-Project

Educación y eliminación de medicamentos

ELIMINACIÓN SEGURA DE MEDICAMENTOS VENCIDOS Y NO DESEADOS

Hay una gran cantidad de maneras para desechar los medicamentos vencidos o no deseados.

Para obtener más información acerca del programa MED-Project, diríjase a www.med-project.org o llame al 1-844-MED-Proj

¿Qué se debe hacer con los medicamentos vencidos o no deseados?

Los medicamentos ayudan a tratar enfermedades, a controlar enfermedades crónicas y a mejorar la salud y el bienestar de millones de estadounidenses. Es sumamente importante que los pacientes tomen los medicamentos recetados por el médico y como se indica en la etiqueta o en el envase. También es importante asegurarse de guardar los medicamentos de forma segura, para evitar la ingestión accidental o el mal uso por parte de otras personas en su hogar, especialmente de los niños.

Si tiene medicamentos vencidos o no deseados, es fácil realizar una adecuada eliminación. Para proteger su privacidad, se les recuerda a los consumidores que eliminen toda la información de identificación personal de las etiquetas o materiales de las recetas antes de utilizar cualquiera de las siguientes opciones de eliminación.

如何处理过期或
无用药品？

药品可以帮助治疗疾病、应对慢性疾病，改善数百万美国人的健康状况和福祉。至关重要，病人必须按照医疗服务人员开具的药方以及标签或包装上的说明服药。同等重要的是，应务必安全地储藏药品，避免家中其他人员，尤其是孩子意外摄入或错误服用药品。

如果您有过期或无用药品，妥善处理非常简单。为了保护您的隐私，我们特此提醒，采用以下任何处理选项之前，消费者应撕去处方标签或材料上的所有个人可识别信息。

ANO ANG DAPAT MONG GAWIN SA IYONG MGA HINDI KAILANGAN O NAG-EXPIRE NA GAMOT?

MED-Project Kaalaman at Pagtatapon ng Gamot

LIGTAS NA PAGTATAPON NG MGA HINDI KAILANGAN AT NAG-EXPIRE NA GAMOT

Maraming paraan ng pagtatapon ng mga nag-expire o hindi kailangang gamot.

Para sa karagdagang impormasyon tungkol sa MED-Project program, pumunta sa www.med-project.org o tumawag sa 1-844-MED-Proj

Ano ang dapat mong gawin sa iyong mga nag-expire o hindi kailangang gamot?

Nakatutulong ang mga gamot sa paggamot sa mga sakit, pamamahala sa mga paulit-ulit na kondisyon, at pagpapabuti ng kalusugan at kagalingan ng milyun-milyong Amerikano. Napakahalagang gamitin ng mga pasyente ang kanilang gamot tulad ng inireseta ng kanilang tagapangalaga ng kalusugan at tulad ng nakasaad sa etiketa o pakete. Mahalaga rin na tiyaking ligtas na nakatabi ang mga gamot upang maiwasan ang di-sinasadyang pagkalunok o maling paggamit ng ibang tao sa iyong tahanan, lalo na ang mga bata.

Kung mayroon kang nag-expire o hindi kailangang gamot, madali ang wastong pagtatapon. Upang maprotektahan ang iyong privacy, pinaaalalahanan ang mga consumer na alisin ang lahat ng impormasyon na makatutukoy sa pagkatao sa mga may-resetang etiketa o materyales bago gamitin ang anumang mga sumusunod na opsyon sa pagtatapon.

(Pinagkunan: U.S. Food and Drug Administration)

Ibinigay ang materyal na ito para sa layuning makasunod sa batas at hindi kinakailangang salaminin ang mga pananaw ng MED-Project o ng mga Tagagawa na kasali sa MED-Project Product Stewardship Plan.

Murderers' row, Soviet-style

One hundred years ago, on Nov. 7, 1917, Lenin and his Bolshevik party expropriated the chaotic Russian people's revolution that had begun eight months earlier, setting in motion modernity's first experiment in totalitarianism.

GEORGE WEIGEL

The ensuing bloodbath was unprecedented, not only in itself but in the vast bloodletting it inspired in wannabe Lenins over the next six decades. And still the Leninist dream lives on: in a hellhole like North Korea; in the island prison, Cuba; in what ought to be one of the wealthiest countries on the planet, Venezuela. Lenin and his disciples created more martyrs in the 20th century than Caligula, Nero, and Diocletian could have imagined. And yet, somehow, communist bloodbaths have never drawn the continuous, unambiguous, and deserved condemnation visited upon other tyrannies.

The horrors Lenin let loose have rarely been as powerfully captured as in Anne Applebaum's new book, "Red Famine: Stalin's War on Ukraine." In her earlier, Pulitzer Prize-winning study "Gulag," Applebaum demonstrated that the slave-labor camps of Aleksandr Solzhenitsyn's "archipelago" were not incidental to the Soviet enterprise, but an integral part of it, economically and politically. Now, Anne Apple-

baum makes unmistakably clear that the Holodomor, the terror famine in Ukraine that took some 4 million lives in 1932-33, was artificially created and ruthlessly enforced by Lenin's heir, Stalin, to break Ukraine's national spirit while providing the faltering Soviet economy with hard currency from agricultural exports. Or to put it more simply: Stalin starved some 4 million men, women and children to death for ideological and political purposes.

That mass murder could take place on this scale was due to the fact that the fires of utopian, revolutionary conviction incinerated many consciences. Here, for example, is the chilling, post-Holodomor testimony of one communist activist who helped implement the catastrophic destruction of peasant agriculture in Ukraine and its replacement by ideologically-correct collective farms: "I firmly believed that the end justified the means. Our great goal was the triumph of communism, and for the sake of the goal everything was permissible - to lie, to steal, to destroy hundreds of thousands and even millions of people, all those who were hindering our work, everyone who stood in the way. And to hesitate or doubt about all this was to give in to 'intellectual squeamishness' and 'stupid liberalism.'"

In the moral universe of Bolshevism, two plus two could indeed equal five - or seven, or three, or whatever the revolution required.

And so, like slavery, genocide was baked into the Soviet system. Yet as Ukrainians by the thousands slowly starved to death, their bodies

consuming themselves to the point where emaciated people simply fell, dead, on the streets or along the roadside. "Soviet exporters," Anne Applebaum reports, "continued to ship (out of the country) eggs, poultry, apples, nuts, honey, jam, canned fish, canned vegetables, and canned meat ... that could have helped to feed Ukraine." But then doing so would have meant recognizing the humanity of those whom Stalin dismissed as "former people," the members of "moribund classes." The starvation of millions was not, Applebaum concludes, an indication that Stalin's policy had failed; rather, "it was a sign of success." The revolution defeated some of its most-feared enemies, one by one, through the hour-by-hour agony of state-imposed and state-enforced starvation.

As repellant as Stalin's Leninist morality of revolution was, the tacit acquiescence in this mass, artificial famine by western reporters who knew what was afoot in Ukraine but wrote nothing about it, so as not to jeopardize their Kremlin sources and their cushy lifestyles in Moscow, was equally revolting. Here, the chief villain remains the odious Walter Duranty of The New York Times, a principal agent of the cover-up of the Holodomor that continued well into the 1960s - and that is being revived in Putin's Russia today, as part of its propaganda war against a now-independent Ukraine. Duranty's morals are neatly summed up in one of his 1935 dispatches: "It may be objected that the vivisection of living animals is a sad and dreadful thing, and it is true that the lot of (those) who have opposed the Soviet experiment is not a happy one," but "in both cases, the suffering inflicted is done with a noble purpose."

Perhaps the Times, to mark the centenary of the Bolshevik revolution, could renounce Walter Duranty's Pulitzer Prize. In a small gesture of repentance.

GEORGE WEIGEL is distinguished senior fellow of the Ethics and Public Policy Center, Washington, D.C.

SPORTS

BAY AREA TEAMS AND ATHLETES

What does future hold for Giants starter?

One-time top pick making most of unexpected opening

By Karl Buscheck
Special to S.F. Examiner

AT&T PARK — As Chris Stratton plodded through the first half of 2017, logging around an ERA north of five for the Triple-A Sacramento River Cats, it would have been difficult to envision the August opportunity that was awaiting the former first-round pick.

Before supplanting Matt Cain in the rotation on Aug. 5, Stratton had cut a low profile in his cameos at AT&T Park, making four appearances for the San Francisco Giants — a trio of relief outings and an emergency start in July.

Bouncing between the River Cats rotation and the big league bullpen was an unenviable assignment for the right-hander.

"It makes it tougher for sure not to be able to get on a routine," Stratton said. "But then again, this is the big leagues and you've got to be ready for whatever everyday. So, that's what I've tried to do."

As Stratton tells it, manager Bruce Bochy and the front office hardly gave him a heads up when it came to stepping in for Cain — and no assurances about how long his rotation tryout will extend.

"To be honest with you, it's just kind of been each time I've pitched I've just kind of waited on them to tell me what's next," Stratton explained.

"So, I'm just trying to be prepared for whatever they throw at me."

Stratton has seized the opportunity that likely would have gone to more prominent prospects if not for

Chris Stratton has thrown well in his latest stint with the San Francisco Giants, but that hasn't allowed him much more certainty about whether he'll stick than before.

unexpected circumstances.

Tyler Beebe, the consensus top arm in the system, is expected to miss the rest of the season after suffering a groin strain at the end of July.

Joan Gregorio, who had a 3.04 ERA in Triple-A, erased himself from the call-up conversation by drawing a season-ending PED ban in July after testing positive for Stanozolol.

Those developments helped create the opening for Stratton, who has responded by allowing two earned runs in 17.2 innings in his three August starts.

"It's a ton of fun," Stratton said of his run in the rotation, highlighted

by a 10-strikeout gem against the high-powered Washington Nationals on Aug. 13.

"This is what I've grown up doing," Stratton continued. "So, it's been good, but like I've said before, I really did enjoy my time in the pen. I really do think it prepared me for where I am right now."

Stratton, who turned 27 on Tuesday, is starting to remind his bosses why he was the No. 20 overall pick in 2012, after earning SEC Pitcher of the Year honors that spring at Mississippi State.

Before starring in Starkville, Stratton grew up an hour north in Tupelo, where he still makes his offseason home with his wife, Martha Kate, and his one-year-old son, Christopher Mack.

"I love it there," Stratton said. "It's definitely a small town — especially compared to something like this," Stratton added. "It's bigger for Mississippi, but, I mean, maybe 40,000 there. But I love it — a good small town feel."

Stratton is one of 25 Tupelo High School graduates to be drafted, but the first to make it to the majors. Kirk Presley — the third cousin of Elvis, the town's most famous son — was also a Tupelo draft pick once upon a time, and even served as Stratton's summer coach one year when he was growing up.

After parlaying a successful college career into a \$1.85 million signing bonus from the Giants, Stratton has navigated a winding road to Third and King.

This year marked the third partial season Stratton had spent in Triple-A — a trying experience for the right-hander and his young family.

Great composer saluted in 'Hershey Felder, Beethoven'

By **Judy Richter**
DAILY JOURNAL CORRESPONDENT

Hershey Felder has become known for his one-man shows saluting composers like Irving Berlin, Leonard Bernstein, Fryderyk Chopin and George Gershwin, among others.

Now he brings "Hershey Felder, Beethoven" to TheatreWorks. As in the other shows, he talks about and plays his subject's music on the piano.

Usually he speaks in the subject's voice. This time, however, he assumes the persona of Dr. Gerhard von Breuning, who was a boy in the 1820s when he met Ludwig van Beethoven, a friend of his father.

By then the composer was quite deaf, and the boy thought he was a vagrant.

Beethoven (1770-1827) became the

family's neighbor and the boy's teacher. In turn, the family and boy tried to look after him.

Felder, who does meticulous research, not only offers details about Beethoven's life but also performs some of his music, such as the Moonlight Sonata, Für Elise, the first movement of the Fifth Symphony and the final movement, "Ode to Joy," of his Ninth Symphony.

Noting Beethoven's profound grief over the death of Mozart, he plays and, in his recdy voice, sings a passage from the latter's "Requiem," followed by a recording of the work.

The play opens in October 1863 in a Vienna graveyard, where the adult Breuning is pleading with a Beethoven society to allow the composer's remains to stay above ground rather than be buried.
