I. Executive Summary

MED-Project LLC ("MED-Project") operates a Product Stewardship Plan for Unwanted Medicine from Households ("Plan") in San Mateo County (the "County") under the County of San Mateo Safe Medicine Disposal Ordinance, San Mateo County Ordinance Code 4.116.010 - 4.116.190 ("Ordinance"). This 2019 County of San Mateo Annual Report (the "Report") describes the activities of MED-Project between January 1, 2019, and December 31, 2019 (the "Reporting Period"), in compliance with Ordinance Section 4.116.090. All capitalized terminology not defined in this Report is derived from the approved Plan dated August 26, 2016.

MED-Project began collection in 2017 with the initial Plan, dated August 26, 2016, and approved on September 13, 2016. MED-Project has submitted several revised plans dated January 31, 2018, June 15, 2018, August 18, 2018, and April 15, 2019. The revised Plan, dated April 15, 2019, was approved effective on January 1, 2020.

A notice of temporary closure of a disposal facility was sent on October 4, 2019, informing the County of the alternative disposal facilities to be used during the facility maintenance closure. On March 3, 2020, MED-Project sent a notice of the resumption of operations at the disposal facility, and that MED-Project was again disposing of Unwanted Medicine at the disposal facility.

During 2019, priority was given to establishing Kiosk Drop-Off Sites and performing outreach to eligible pharmacies and Law Enforcement Agencies ("LEAs") throughout the County. As a result of these efforts, MED-Project's Program collected and disposed of Unwanted Medicine from 50 Kiosk Drop-Off Sites with a total of 51 Kiosks.

As outlined in the approved Plan, the ultimate goal of the Program is to provide County residents with convenient, safe, and accessible methods to dispose of Unwanted Medicine. MED-Project anticipates a steady increase in Kiosk Drop-Off Sites throughout 2020 as a result of Program activities between January 1, 2019, and December 31, 2019, especially if there is increased retail chain pharmacy participation in the Program.

Kiosks were installed in pharmacies and LEAs that meet all local, state, and federal requirements and that executed agreements with MED-Project. In addition, outreach and educational materials, including signage and/or brochures, were distributed to Kiosk Drop-Off Sites that were activated during the Reporting Period.

MED-Project continues to communicate with Kiosk Drop-Off Site Hosts to distribute outreach materials, review procedures as needed, and improve overall Program design.

The following sections of the Report respond to specific reporting requirements in Ordinance Section 4.116.090(a). Each section of the Report restates the corresponding Ordinance requirement and provides the required information.

II. Participating Producers

Ordinance Sec. 4.116.090(a)(1): "A list of Producers participating in the Stewardship Plan."

See Appendix A; List of Program Participants.

III. Collection Method and Weight

Ordinance Sec. 4.116.090(a)(2): "The amount, by weight, of Covered Drugs collected, including the amount by weight from each collection method used."

A. Kiosks

- MED-Project collected a total of 45,364.05 pounds of Unwanted Medicine through Kiosk Drop-Off Sites.

B. Mail-Back Packages

- MED-Project collected a total of 23.84 pounds of Unwanted Medicine through the return of mail-back packages during the Reporting Period.

C. Total Weight of Collected Unwanted Medicine

- MED-Project collected a total of 45,387.89 pounds of Unwanted Medicine through Kiosk Drop-Off Sites and mail-back packages.

IV. Kiosk Drop-Off Site Locations, Mail-Back Package Distribution, and Collection Events

Ordinance Sec. 4.116.090(a)(3)-(6): "(3) A list of drop-off sites; (4) The number of mailers provided for disabled and/or home-bound County residents; (5) The locations where mailers were provided, if applicable; (6) The dates and locations of collection events held, if applicable."

A. List of Kiosk Drop-Off Sites

See Appendix B; Kiosk Drop-Off Site Locations.

B. Number of Mailers Provided to Disabled and/or Home-Bound Residents

A total of 25 mail-back packages were distributed directly to residents. Disabled and/or home-bound residents, and persons providing services to such County residents, were able to request mail-back packages through the call center and/or MED-Project website. MED-Project identifies a total number of mail-back packages provided directly to residents because it is unable to verify whether the recipient is disabled and/or home-bound, or a person providing services to such County residents.

See Appendix C; Mail-Back Packages Distributed Directly to Residents.

C. Mail-Back Distribution Locations

There were no Mail-Back Distribution Locations active during the Reporting Period.

D. Dates and Locations of Collection Events

There were no collection events performed during the Reporting Period.

V. Disposal and Transporter Information

Ordinance Sec. 4.116.090(a)(7): *"The transporters used and the disposal facility or facilities used for all Covered drugs."*

A. Transporter Information

See Appendix D; Transporters.

B. Disposal Facility Information

See Appendix E; Disposal Facilities.

VI. Safety and Security Report

Ordinance Sec. 4.116.090(a)(8): *"Whether any safety or security problems occurred during collection, transportation or disposal of Unwanted Covered Drugs during the reporting period and, if so, what changes have or will be made to policies, procedures or tracking mechanisms to alleviate the problem and to improve safety and security in the future."*

See Appendix F; Safety and Security Report.

VII. Educational Efforts and Public Outreach

Ordinance Sec. 4.116.090(a)(9): *"A description of the public education, outreach and evaluation activities implemented during the reporting period."*

A. Public Education Activities

MED-Project provided disposal instructions for Kiosk Drop-Off Sites during the Reporting Period. In addition, MED-Project maintained a website and toll-free number to provide information pertaining to MED-Project disposal options and outreach materials. The website, toll-free number, and outreach materials, such as posters and brochures were available in the required languages, including English, Spanish, Chinese, and Tagalog. MED-Project website information and statistics are provided in Appendices G and H, respectively.

B. Outreach Activities

To promote the Program during the Reporting Period, MED-Project provided print, digital, radio and television campaigns; provided information through the MED-Project website; posted information on social media sites and; sent email blasts. Additionally, MED-Project distributed materials, including brochures and posters, to Kiosk Drop-Off Sites. See Appendix I for examples of brochures and posters. Appendix J provides brochure and poster distribution information. A list of the social media and email outreach promotion activities is provided in Appendix K. The reach percentage for each campaign is provided in the Media Outreach Summary. See Appendix L.

C. Evaluation Activities

As required by Ordinance 4.116.060(a)(4), MED-Project conducted a biennial survey of residents, pharmacists, veterinarians, and health care professionals who interact with members of the community after the first full year of Program operation. The survey was completed October 18, 2018, and the results were posted to the MED-Project website on January 15, 2019.

VIII. Packaging Recycling

Ordinance Sec. 4.116.090(a)(10): "A description of how collected packaging was recycled to the extent feasible, including the recycling facility or facilities used."

As described in the Plan, while drug packaging is expected to constitute a significant amount of the waste incinerated under the Program, MED-Project has concluded that separation of inner and/or outer packaging from Unwanted Medicine and/or recycling of packaging would raise three significant concerns:

1. Separating and recycling drug packaging could result in the disclosure of confidential patient information appearing on prescription drug packaging;
2. Separating and recycling drug packaging could increase the potential for releases and leakage of Unwanted Medicine; and
3. Separating and recycling drug packaging could increase diversion risk by adding additional steps to the collection process and because drug packaging is often used in drug counterfeiting, the drug packaging could be a diversion target itself.

For these reasons, the Program does not provide for the separation and recycling of packaging from Unwanted Medicine.

MED-Project education and outreach materials instruct residents to return Unwanted Medicine at a Kiosk Drop-Off Site, via Mail-Back Services, or at a Take-Back Event, in its original container or a sealed bag. These materials encourage residents who transfer their Unwanted Medicine into a sealed bag to recycle all remaining packaging.

IX. Program Goals

Ordinance Sec. 4.116.090(a)(11): "A summary of the Stewardship Plan's goals, the degree of success in meeting those goals in the past year, and, if any goals have not been met, what effort will be made to achieve the goals in the next year."

A. Collection Goals

MED-Project achieved the long-term Plan collection goals in 2019. As a result of MED-Project achieving the long-term Plan collection goals, Mail-Back Distribution Locations and Take-Back Events were no longer required.

MED-Project satisfied the service convenience goals in Ordinance Section 4.116.050(b) during the Reporting Period through established Kiosk Drop-Off Sites Locations as provided in Appendix M; Service Convenience Goal Results. Figure 1 shows a graphical representation of how MED-Project satisfied the service convenience goal during the Reporting Period with Kiosk Drop-Off Sites Locations.

MED-Project continues to strive to meet the long-term goals and satisfy the service convenience goals. Additionally, MED-Project anticipates the average pounds per Kiosk Drop-Off Site to increase in 2020 with

increasing public awareness of the Program. Refer to sections III and IV of this Report for specific collection information.

B. Education and Public Outreach Goals

MED-Project performed a review of the survey to evaluate media and public outreach in order to make any adjustments and improvements to the Program.

MED-Project released a Public Service Announcement ("PSA") animation directed at residents on social media websites, digital media, and broadcast television platforms.

MED-Project will continue to evaluate media and public outreach as well as collect feedback by survey in order to make adjustments and improvements to the Program. Additionally, MED-Project may revise and/or add communications materials based on changes to the Plan.

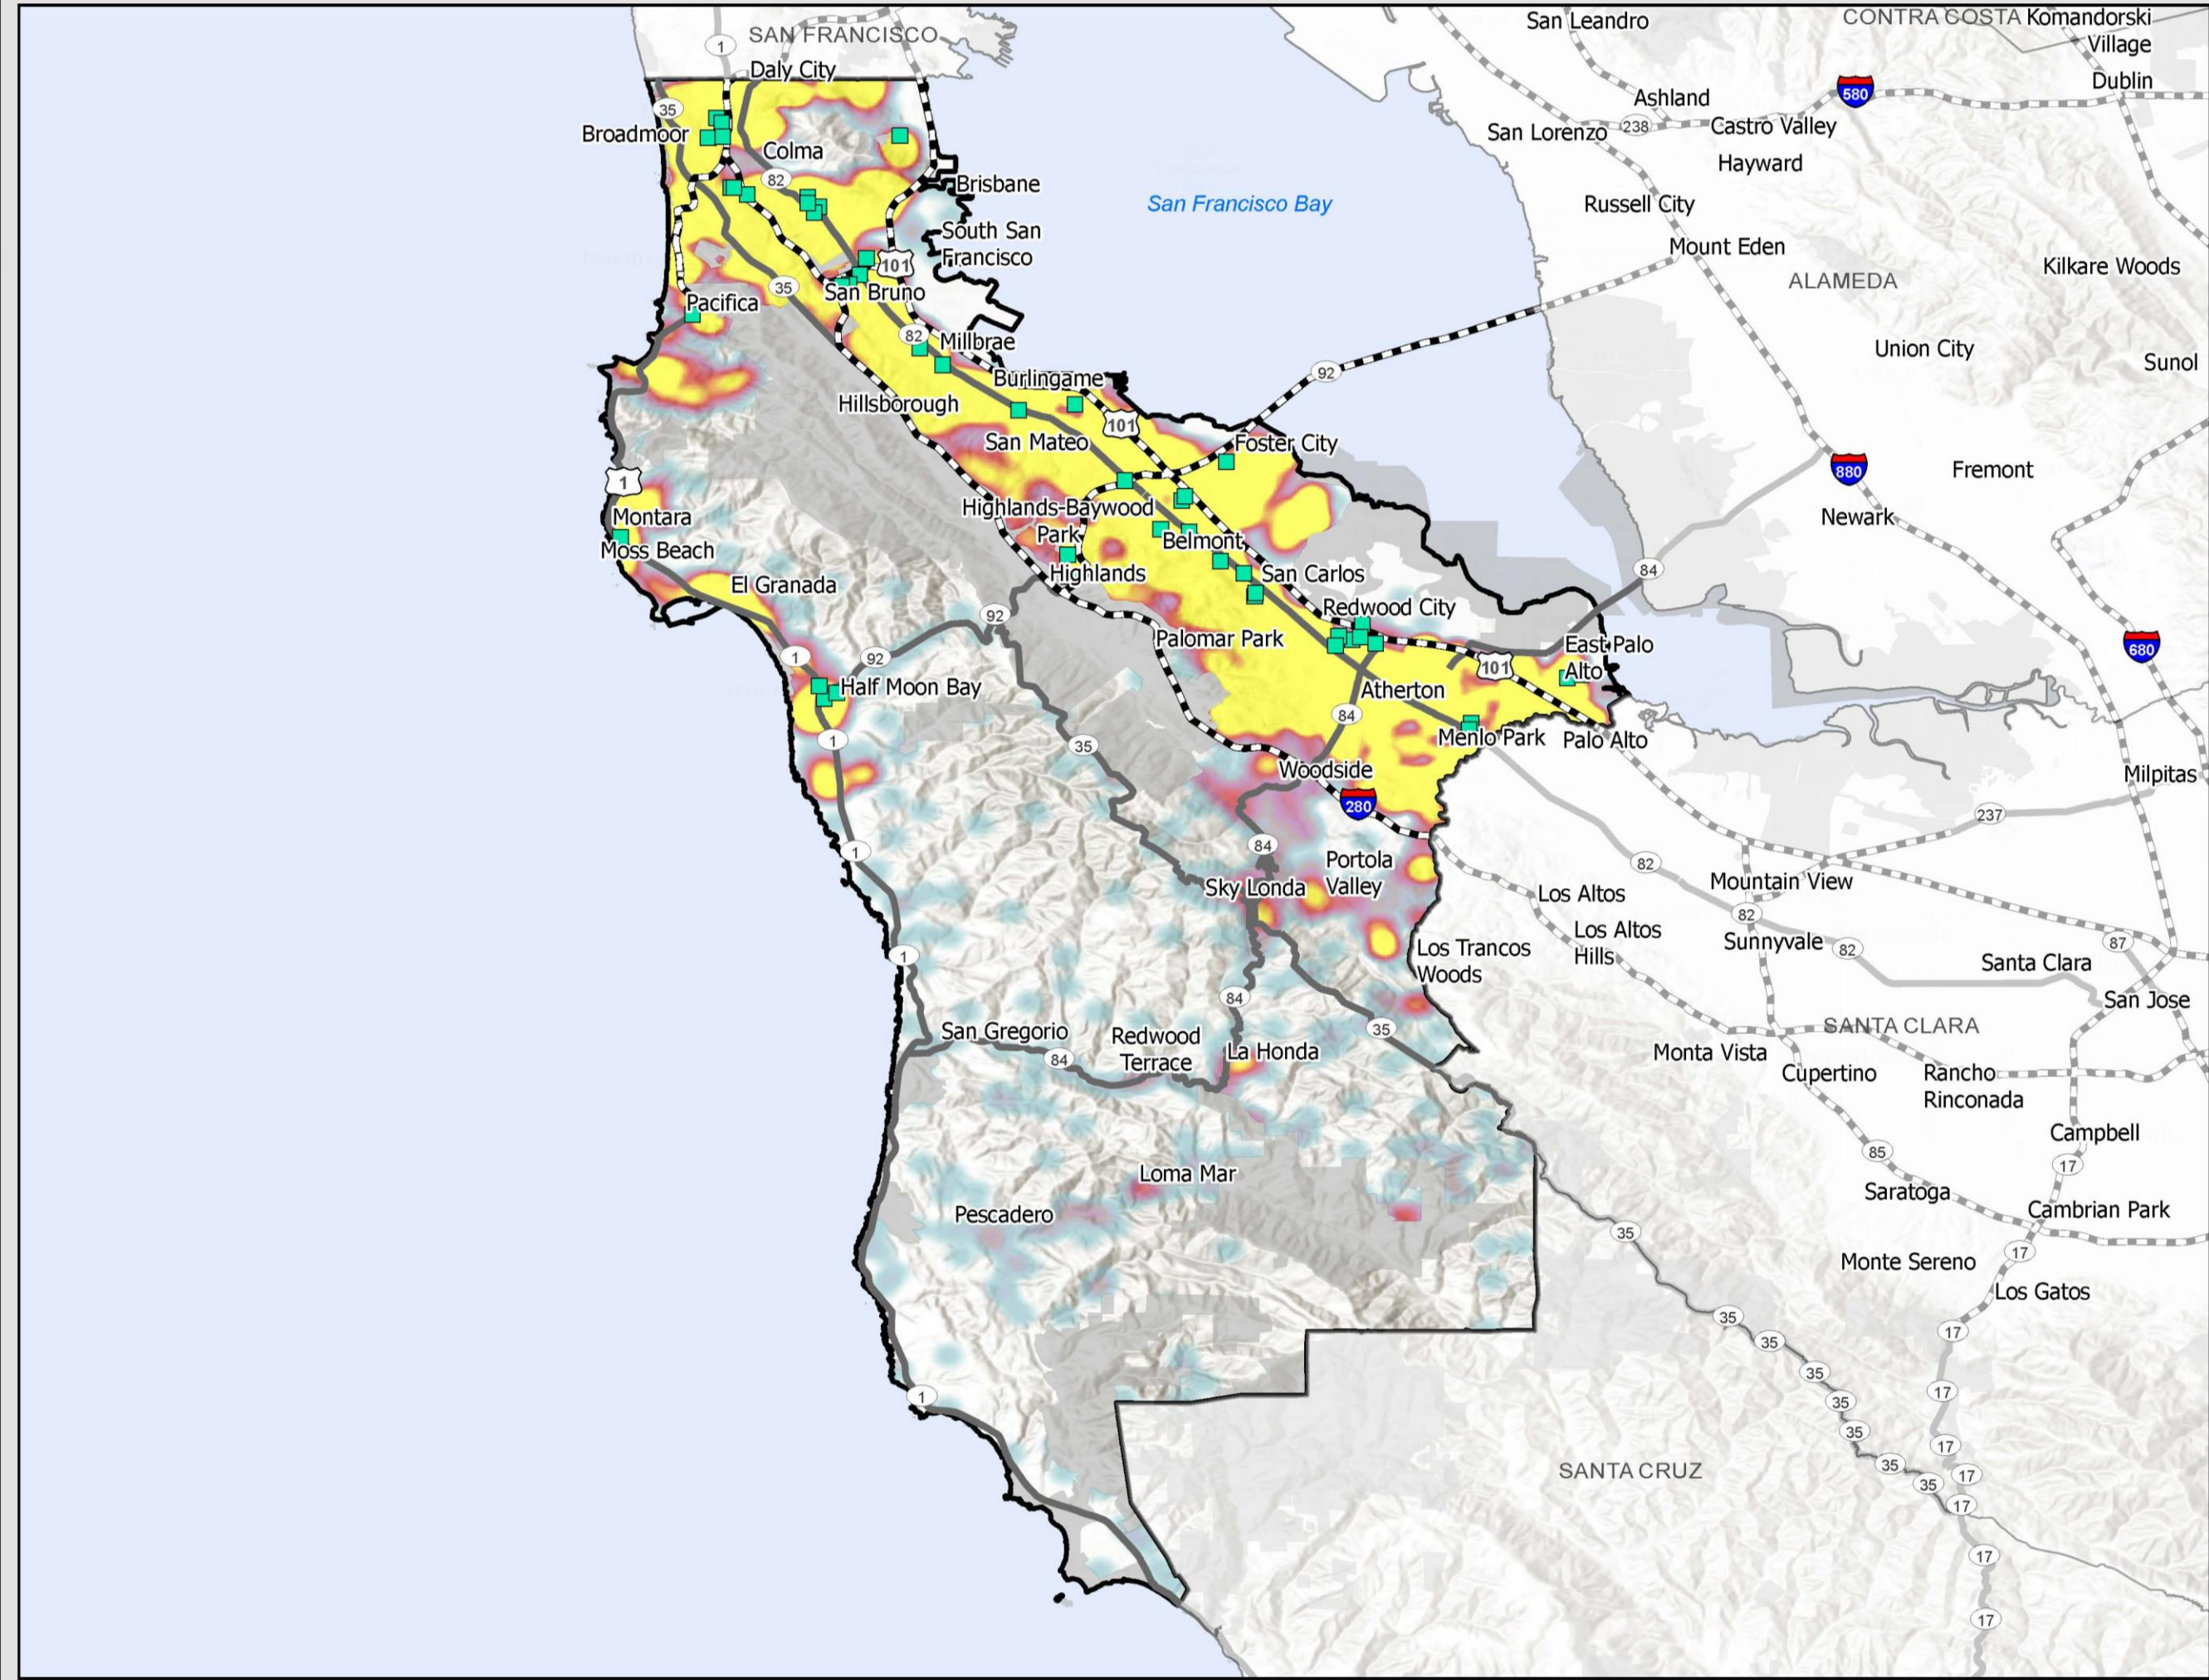

C. Collector Outreach

MED-Project continued collector outreach by issuing letters to all potential Kiosk Drop-Off Sites on February 28, 2019. Phone calls were made, and emails were sent to eligible sites that did not respond to the letter. Eligible non-participating sites were contacted until either the site began participating in the Program or the site indicated they no longer want to be considered for participation.

X. Program Costs

Ordinance Sec. 4.116.090(a)(12): "The total expenditures of the Stewardship Plan during the reporting period."

The total Program cost for the Reporting Period was \$1,420,424.45.

Safety and Security Report

Event 1: Host Site Shipping Discrepancy

Date: January 3, 2019

Description: On February 7, 2019, MED-Project's Vendor reported to MED-Project that an Unwanted Medicine box and liner prepared for shipment on January 3, 2019 had not been picked-up by the Carrier. Upon receipt of this report, MED-Project contacted the host site. The host site confirmed to MED-Project that the Unwanted Medicine box and liner was no longer in the host site's custody. A police investigation was opened and they determined that the Carrier's personnel had picked up the Unwanted Medicine box and liner. However, the ultimate disposition of the Unwanted Medicine box and liner could not be determined due to problems encountered with the Carrier's tracking system. The police investigation was ultimately closed.

Corrective Action Taken: MED-Project requested that the host site preserve and share with MED-Project records and information related to the Unwanted Medicine box and liner at issue.

MED-Project requested that the Vendor provide all information available about the event including: (1) reviewing any similar incidents; (2) any trends of similar issues; (3) efforts to address any potential security or data gaps identified as a result of this event; and (4) any conclusions from internal inquiries related to this event.

The Vendor notified MED-Project that the Carrier put an alert on the Unwanted Medicine box and liner tracking number.

MED-Project issued additional Unwanted Medicine box and liner instructions to all host sites.

MED-Project assessed its processes with a transportation security expert and a former DEA agent and the Vendor has instituted measures to monitor and report potential in-transit Unwanted Medicine box and liner shipment discrepancies.

Event 2: Host Site Shipping Discrepancy

Date: Unwanted Medicine box and liners packaged on July 17, 2017², May 4, 2018,³ and January 23, 2019.

Description: MED-Project learned of a discrepancy in the data for three Unwanted Medicine Liners packaged on July 17, 2017, May 4, 2018, and January 23, 2019 (the "Box and Liners"). While MED-Project can confirm the receipt and destruction of tens of thousands of Unwanted Medicine Liners at the designated facilities, it appears the Box and Liners referenced above were not received or destroyed at the designated facility. An investigation into the Box and Liners involving MED-Project, its vendor, and a common carrier was unable to confirm the Box and Liners' location. Available information indicates that the Box and Liners were picked-up by the common carrier but never arrived at the designated destruction facility.

² Activities relating to this issue may have occurred during the reporting period.

³ Activities relating to this issue may have occurred during the reporting period.

We understand that there have been rare exceptions in which the common carrier cannot deliver a package to its destination or return it to the shipper for reasons including, but not limited to, the loss of shipping information, such as a damaged shipping label. The common carrier has policies and procedures for managing such packages, including destruction at a permitted medical waste incinerator.

Corrective Action Taken: MED-Project, its vendor, and a common carrier undertook an investigation to try to ascertain the Box and Liners location and any potential causes for the inability to confirm its location. This investigation included a review of inner liner logs, shipping documentation, and manual record reconciliation. MED-Project continues to work with host sites and vendors to evaluate its policies and procedures and revise them as needed.

Event 3: Leaking Unwanted Medicine Box and Liner

Date: April 17, 2019

Description: MED-Project was contacted on April 17, 2019, by a Host Site concerning a leaking Unwanted Medicine box and liner. The Carrier would not pick up the Unwanted Medicine box and liner for shipment due to the leaking condition.

Corrective Action Taken: MED-Project initiated Vendor's rapid response service. The Unwanted Medicine box and liner were overpacked by the rapid response service, and the overpack was properly disposed in accordance with the Vendors procedures.

Event 4: Unwanted Medicine Boxes and Liners Exceeded MED-Project Destruction Policy

Date: October 2019 – December 2019

Description: Vendor reported on February 26, 2020, that 122 Unwanted Medicine Box and Liners located at the Indianapolis reverse distribution facility were stored in excess of MED-Project policy between October 2019 and December 2019 as a result of facility throughput increases, which were further affected by the Stericycle, Inc. Warren Ohio Facility planned maintenance shutdown. Vendor reported that it will complete any applicable DEA reporting related to the shipments per 21 CFR Section 1301.74.

Corrective Action Taken: Vendor reported that, in addition to resuming operation at the Stericycle, Inc. Warren Ohio Facility, additional monthly destruction appointments were secured with other destruction facilities approved in the Plan. Training was conducted with the applicable Vendor staff. Vendor will provide MED-Project additional reports to identify Unwanted Medicine boxes and liners in storage for more than 14 days after receipt by Vendor. The Vendor will communicate a destruction schedule in writing to MED-Project in the event there are Unwanted Medicine boxes and liners in storage more than 23 days after receipt by Vendor.

CHECK THE PACKAGE

If there are any specific instructions for disposal on the label, package, or package insert, please follow those instructions. Do not flush any medication down the sink or toilet unless the information on the packaging specifically instructs you to do so.

To protect your privacy, patients are reminded to remove all personally identifiable information on medication labels or packaging before disposing of unwanted medicines.

MAIL BACK

MEDICINE MAIL-BACK SERVICES

Mail-Back Services for expired or unwanted medicines are available, free of charge, to disabled and/or homebound residents upon request. Each Medicine Mail-back Envelope is 8 x 11 inches in size and will hold up to 8 ounces of unwanted medicines. Home healthcare professionals providing services to disabled and/or homebound residents may request a Mail-Back Package on their behalf. Medications in any dosage form, except for those identified as Not Accepted below, in their original container or sealed bag are accepted.

NOTE: The following items are not accepted in Medicine Mail-Back Envelopes: Herbal remedies, vitamins, supplements, cosmetics, other personal care products, medical devices, batteries, mercury-containing thermometers, sharps, illicit drugs, and inhalers.

If transferring medications to a sealed bag, please be sure to recycle remaining packaging.

Please complete the below form to request a pre-paid, pre-addressed mail-back package. Instructions for disposal will be provided with all mail-back services. Please submit separate forms for each type of mail-back package.

MEDInfo

Medicines help treat diseases, manage chronic conditions, and improve health and well-being for millions of Americans. It is important that patients take their medicines as prescribed by their health care provider and as indicated on the label or packaging. It is also important to be sure to store medicines securely to prevent accidental ingestion or misuse by others, especially children.

There are a number of ways to dispose of expired or unwanted medicines. To protect your privacy, patients are reminded to remove all personally identifiable information on medication labels or packaging before disposing of unwanted medicines.

For additional information on the program, MED-Project has developed an educational toolkit which includes the materials below.

WHAT SHOULD YOU DO WITH YOUR UNWANTED OR EXPIRED MEDICINES?

MED-Project
Medication Education & Disposal

SAFELY DISPOSE OF UNWANTED & EXPIRED MEDICINES

There are a number of ways to dispose of expired or unwanted medicines.

For more information about the MED-Project program, go to www.med-project.org or call 1-844-MED-Proj

What should you do with your expired or unwanted medicines?

Medicines help treat diseases, manage chronic conditions, and improve health and well-being for millions of Americans. It's vitally important that patients take their medicine as prescribed by their health care provider and as indicated on the label or packaging. It's also important to be sure to store medications securely to prevent accidental ingestion or misuse by others in your household, especially children.

If you have expired or unwanted medication, proper disposal is easy. To protect your privacy, consumers are reminded to remove all personally identifiable information on prescription labels or materials before using any of the following disposal options.

(Source: U.S. Food and Drug Administration)

Check the package, Convenient kiosks, Mail-back, In-home disposal.

Figure 9: MED-Project Brochure English (Front)

DISPOSAL OPTIONS

1 CHECK THE PACKAGE

If there are specific instructions for disposal on the label, package or package insert, please follow those instructions. Do not flush drugs down the toilet unless specifically instructed to do so.

2 CONVENIENT KIOSKS

To find the drop-off sites in your area, visit the Convenient Kiosks section of www.med-project.org.

What items can I dispose of?

ACCEPTED:
MEDICATIONS IN ANY DOSAGE FORM, EXCEPT FOR THOSE LISTED BELOW, IN THEIR ORIGINAL CONTAINER OR SEALED BAG.

If transferring medications to a sealed bag, please be sure to recycle all remaining packaging.

NOT ACCEPTED:
HERBAL REMEDIES, VITAMINS, SUPPLEMENTS, COSMETICS, OTHER PERSONAL CARE PRODUCTS, COMPRESSED CYLINDERS, AEROSOLS, INHALERS, MEDICAL DEVICES, PET PESTICIDE PRODUCTS, SHARPS, ILLICIT DRUGS, IODINE-CONTAINING MEDICATIONS.

DISPOSAL OPTIONS

3 MAIL-BACK

Mail-Back Services for unwanted medicine are available to residents upon request. Visit the mail-back section of www.med-project.org to order a Mail-Back Package.

4 IN-HOME DISPOSAL

1. Remove medication from its original container and mix with an undesirable substance, such as used coffee grounds, dirt, or kitty litter.

2. Place the mixture in a sealable bag, empty can, or other container and throw in your household trash.*

To protect your privacy, consumers are reminded to remove all personally identifiable information on prescription labels or materials before using any of the disposal options listed above.

¿QUÉ SE DEBE HACER CON LOS MEDICAMENTOS VENCIDOS O NO DESEADOS?

Programa MED-Project

Educación y eliminación de medicamentos

ELIMINACIÓN SEGURA

DE MEDICAMENTOS VENCIDOS Y NO DESEADOS

Hay una gran cantidad de maneras para desechar los medicamentos vencidos o no deseados.

Para obtener más información acerca del programa MED-Project, diríjase a www.med-project.org o llame al 1-844-MED-Proj

¿Qué se debe hacer con los medicamentos vencidos o no deseados?

Los medicamentos ayudan a tratar enfermedades, a controlar enfermedades crónicas y a mejorar la salud y el bienestar de millones de estadounidenses. Es sumamente importante que los pacientes tomen los medicamentos recetados por el médico y como se indica en la etiqueta o en el envase. También es importante asegurarse de guardar los medicamentos de forma segura, para evitar la ingestión accidental o el mal uso por parte de otras personas en su hogar, especialmente de los niños.

Si tiene medicamentos vencidos o no deseados, es fácil realizar una adecuada eliminación. Para proteger su privacidad, se les recuerda a los consumidores que eliminen toda la información de identificación personal de las etiquetas o materiales de las recetas antes de utilizar cualquiera de las siguientes opciones de eliminación.

Figure 11: MED-Project Brochure Spanish (Front)

OPCIONES DE ELIMINACIÓN

1 REVISE EL PAQUETE

Si hay instrucciones específicas en la etiqueta, el envase o en el prospecto de envase, siga tales instrucciones. No tire los medicamentos en el inodoro, a menos que se indique específicamente.

2 QUIOSCOS CONVENIENTES

Para encontrar los sitios de recolección dentro de su área, visite la sección Quioscos convenientes en www.med-project.org.

¿Qué elementos se pueden eliminar?

SE ACEPTAN:

MEDICAMENTOS DE CUALQUIER FORMULACIÓN DENTRO DE SU ENVASE ORIGINAL O ENVOLTORIO SELLADO, A EXCEPCIÓN DE LOS QUE SE ENUMERAN A CONTINUACIÓN.*

*Si transfiere los medicamentos a un envoltorio sellado, asegúrese de reciclar todos los envases.

NO SE ACEPTAN:

HIERBAS MEDICINALES, VITAMINAS, SUPLEMENTOS, COSMÉTICOS, OTROS PRODUCTOS DE CUIDADO PERSONAL, CILINDROS COMPRIMIDOS, AEROSOLES, INHALADORES, PRODUCTOS SANITARIOS, PLAGUICIDAS PARA MASCOTAS, OBJETOS CORTOPUNZANTES, DROGAS ILÍCITAS, MEDICAMENTOS QUE CONTENGAN YODO.

OPCIONES DE ELIMINACIÓN

3 DEVOLUCIÓN POR CORREO

Los servicios de devolución por correo de medicamentos no deseados están disponibles a solicitud para los residentes. Visite la sección Devolución por correo en www.med-project.org para solicitar un paquete de devolución por correo.

4 ELIMINACIÓN DE MEDICAMENTOS NO DESEADOS DENTRO DEL HOGAR

1. Saque el medicamento de su envase original y mézclalo con una sustancia indeseable, tales como desechos de café, tierra o arena sanitaria.
2. Coloque la mezcla en una bolsa hermética, lata vacía o en otro envase y tirela junto con la basura doméstica.*

*Fuente: www.fda.gov/ForConsumers/ConsumerUpdates/ucm101653.htm. Última actualización: 5 de diciembre de 2017.

Para proteger su privacidad, se les recuerda a los consumidores que eliminen toda la información de identificación personal de las etiquetas o materiales de las recetas antes de utilizar cualquiera de las opciones de eliminación indicadas anteriormente.

如何处理无用 或过期 药品？

MED-项目

用药教育与处理

安全

处理

无用和过期药品

可以采用多种方式
处理过期或无用药品。

有关 MED
项目计划的更多信息，请转至
www.med-project.org 或拨打
1-844-MED-Proj

如何处理过期或
无用药品？

药品可以帮助治疗疾病、应对慢性疾病，改善数百万美国人的健康状况和福祉。至关重要的一点是，病人必须按照医疗服务人员开具的药方以及标签或包装上的说明服药。同等重要的是，应务必安全地储藏药品，避免家中其他人员，尤其是孩子意外摄入或错误服用药品。

如果您有过期或无用药品，妥善处理非常简单。为了保护您的隐私，我们特此提醒，采用以下任何处理选项之前，消费者应撕去处方标签或材料上的所有个人可识别信息。

(来源：美国食品和药品管理局)

本材料为满足法律合规性而提供，并不一定反映 MED-项目或当时参与 MED-项目产品管理计划的厂商的观点。

MED-项目

用药教育与处理

www.med-project.org

Figure 13: MED-Project Brochure Chinese (Front)

处理选择

1 查看包装

如果标签、包装或包装说明书上有具体的处理说明，请遵循那些说明。切勿将药品冲入马桶。

2 便利亭

如需了解您所在地区的投放站点，请访问 www.med-project.org 的“便利亭”部分。您还可获得您所在地区的寄回包裹分布位置。

我可以处理哪些物品？

接受：
采用原容器或密封袋封装的任何剂型的药品，以下列出的药品除外。

如果将药品装入密封袋中，请确保回收剩下的所有包装材料。

不接受：
草药、维他命、保健品、化妆品、其他个人护理产品、压缩瓶、喷雾器、吸入器、医疗设备、尖锐物品、非法药品、含碘药品。

处理选择

3 寄回

收到请求后，我们为行动不便或无法出门的居民提供无用药品寄回服务。请访问 www.med-project.org 的“寄回”部分订购寄回包裹。

4 家中处理

1. 将药品从其原始容器中取出，并与使用过的咖啡渣、灰尘或猫砂等无用物品混合。
2. 将混合物放到密封袋、空罐或其他容器中，并扔到家用垃圾中。*

为了保护您的隐私，我们特此提醒，采用上面列出的任何处理方案之前，消费者应撕去处方标签或材料上的所有个人可识别信息。

ANO ANG DAPAT MONG GAWIN SA IYONG MGA HINDI KAILANGAN O NAG-EXPIRE NA GAMOT?

MED-Project

Kaalaman at Pagtatapon ng Gamot

LIGTAS NA PAGTATAPON NG MGA HINDI KAILANGAN AT NAG-EXPIRE NA GAMOT

Maraming paraan ng pagtatapon ng mga nag-expire o hindi kailangang gamot.

Para sa karagdagang impormasyon tungkol sa MED-Project program, pumunta sa www.med-project.org o tumawag sa 1-844-MED-Proj

Ano ang dapat mong gawin sa iyong mga nag-expire o hindi kailangang gamot?

Nakatutulong ang mga gamot sa paggamot sa mga sakit, pamamahala sa mga paulit-ulit na kondisyon, at pagpapabuti ng kalusugan at kagalingan ng milyun-milyong Amerikano. Napakahalagang gamitin ng mga pasyente ang kanilang gamot tulad ng inireseta ng kanilang tagapangalaga ng kalusugan at tulad ng nakasaad sa etiketa o pakete. Mahalaga rin na tiyaking ligtas na nakatabi ang mga gamot upang maiwasan ang di-sinasadyang pagkalunok o maling paggamit ng ibang tao sa iyong tahanan, lalo na ang mga bata.

Kung mayroon kang nag-expire o hindi kailangang gamot, madali ang wastong pagtatapon. Upang maprotektahan ang iyong privacy, pinaaalalahanan ang mga consumer na alisin ang lahat ng impormasyon na makatutukoy sa pagkatao sa mga may-resetang etiketa o materyales bago gamitin ang anumang mga sumusunod na opsyon sa pagtatapon.

(Pinagkunan: U.S. Food and Drug Administration)

Ibinigay ang materyal na ito para sa layuning makasunod sa batas at hindi kinakailangang salaminin ang mga pananaw ng MED-Project o ng mga Tagagawa na kasali sa MED-Project Product Stewardship Plan.

MGA OPSYON SAPAGTATAPON

1 TINGNAN ANG PACKAGE

Kung may mga partikular na tagubilin sa pagtatapon na nakalagay sa label, package o papel sa loob ng package, manyaring sundin ang mga tagubilin iyon. Huwag i-flush sa inidoro ang mga gamot.

2 MGA KIOSK

Upang makita ang mga drop-off site sa iyong lugar, bisitahin ang seksyong Mga Kiosk sa www.med-project.org. Maaaring mayroon ding Mga Lokasyon kung saan Namamahagi ng Package para sa Pagbabalik sa pamamagitan ng Koreo sa iyong lugar.

Anu-anong bagay ang maaari kong itapon?

TINATANGGAP:
ANUMANG DOSIS NG GAMOT, MALIBAN SA MGA NAKALISTA SA IBABA, SA KANILANG ORIHINAL NA LALAGYAN O SELYADONG SUPOT.

Kung ililipat ang mga gamot sa isang selyadong supot, pakitayak na i-recycle ang lahat ng matitirang lalagyan.

HINDI TINATANGGAP:
MGA PANLUNAS NA HERBAL, BITAMINA, SUPPLEMENT, KOSMETIKO, IBA PANG PRODUKTO PARA SA PERSONAL NA PANGANGALAGA, COMPRESSED CYLINDER, AEROSOL, INHALER, KAGAMITANG MEDIKAL, MATATALIM NA BAGAY, IPINAGBABAWAL NA GAMOT, GAMOT NA MAY IODINE.

MGA OPSYON SA PAGTATAPON

3 TINGNAN ANG PACKAGE

Magagamit ng mga residenteng may kapansanan o hindi nakakaalis ng bahay ang Mga Serbisyo ng Pagbabalik sa pamamagitan ng Koreo para sa mga hindi kailangan gamot kung hihilingin. Bisitahin ang seksyong pagbabalik sa pamamagitan ng koreo sa www.med-project.org upang mag-order ng package para sa pagbabalik sa pamamagitan ng koreo.

4 PAGTATAPON SA LOOB NG BAHAY

1. Alisin ang gamot sa orihinal nitong lalagyan at isama ito sa hindi kanais-nais na substance, gaya ng latak ng kape, lupa o dumi ng pusa.
2. Ilagay ang mixture sa naisasarang supot, walang laman o iba pang lalagyan at itapon sa iyong basurahan sa bahay.*

Upang maprotektahan ang iyong privacy, pinaaalalahanan ang mga consumer na alisin ang lahat ng impormasyong makakatukoy sa pagkakailanlan sa mga label ng inireseatang gamot o materyal bago gamitin ang alinman sa mga opsyon sa pagtatapong nakalista sa itaas.
