Hi Jean, We can connect tomorrow. The QIC is listed on the January agenda under Ad/hoc meetings. Was there something else I was supposed to do for that meeting?

PEARLS is also MHSA funded in collaboration with Aging & Adult Services Title IID funding! MHSA Workgroups have provided a great way to focus on and improve current programs and processes. We would like to learn about your priorities and interests in participating in future MHSA Workgroups. Please complete the following short survey:
