

SHORTER BIOGRAPHY

Shawneece Stevenson, MSW, ACC has had a variety of organizational and family service experience working with children, youth, families, and communities in which they live. Shawneece has worked for Bay Area Community Health Advisory Council (BACHAC) for 5 years and has co-managed the African American Community Assessment. Shawneece has adopted their motto “Knowledge for Life” and enjoys providing information and concrete supports; inviting individuals to access resources; and coaching around navigation of different systems of care. Shawneece understands the importance of knowledge for long-term positive health outcomes in her personal life. Most importantly, Shawneece is a wife to her very supportive husband, a mother, and new grandmother which are her inspiration for her life’s work.
